CONTENTS

Modeling the crop water requirement and irrigation scheduling of banana using CROPWAT 8 model: a case study of Manali watershed, Thrissur, Kerala 1-9
PANCHAMY BALAN and ASHA JOSEPH

Castor cultivation– an approach to get sustainable income under rainfed condition 10-13
V DHANUSHKODI, NOORJEHAN AKA HANIF and N TAMILSELVAN

Concurrent infections of *Ascaridia* and *Raillietina*-induced mortality in poultry chicken– a case report 14-16
SARVAN KUMAR and SOUTI PRASAD SARKHEL

Effect of nitrogen management on yield and quality of finger millet, *Eleusine coracana* (L) Gaertn 17-20
HIMANSHI H PATEL, JAGRUTI C SHROFF and SN SHAH

Comparative advantage of groundnut export from India with other selected countries 21-25
M MALARKODI, VM INDUMATHI and B KRISHNAKUMARE

Effect of baby corn-vegetable intercropping systems on light interception by canopy And competition indices 26-30
ANNA EMMANUEL, G RAJASREE and A ANUPAMA

Designing, developing and testing of Arduino-based slip meter 31-36
FOUSIYA, AMSUJA V AJAYAN, P ANILA and KP SHIVAJI

Genetic parameters and their association with grain yield in quinoa (*Chenopodium quinoa* Willd) under late sown condition 37-39
RAJENDRA KUMAR YADAV

An assessment of self-esteem effecting the empower status of farm women in Telangana state 40-43
B PRASHANTHI, M SARADA DEVI, P SREEDEVI, R NEELA RANI and S SUCHIRITHA DEVI

A study on the perception of institutionalized children about the institutional environment 44-48
N SANDHYA RANI and M SARADA DEVI

Physiological cost of work and drudgery experienced in opening a tender coconut 49-55
N DIVYA PRANATHI, NEERAJA TELAPROLU and V PRASUNA

Health problems experienced by the caretakers attending the children with cardiac problems 56-59
YD HARITHA and NASREEN BANU

New strategy for accelerated agricultural production in India 60-62
AHMAD MASOOD

Study on comparison of effectiveness of cognitive intervention on cognitive development of reading and math disabled children 63-66
S RADHIKA

Profile of women in cashew farm and processing sector and their constraints at workplace- a case study 67-71
JALAJA S MENON, AC ASNA and MS SMITHA

Study on aptitude test performance of secondary school students 72-75
S RADHIKA

Effect of pre-sowing seed treatment, type of seed beds and time of sowing on *Terminalia chebula* in its natural forest 76-82
SAMANPREET SINGH, KAMAL SHARMA and AVINASH KUMAR BHATIA

Study on verbal and numerical aptitudes as predictors of secondary school students' performance in academics 83-86
S RADHIKA

Studies on characterization of qualitative and morphological traits of grain amaranth (*Amaranthus hypochondriachus* L) 87-89
RAJENDRA KUMAR YADAV

Econometric analysis of optimization of water among different sectors 90-95
A MALAISAMY

Evaluation of germplasm lines for seed yield traits in Job's tears (*Coix lacryma jobi* L) 96-97
RAJENDRA KUMAR YADAV

Spatial assessment of length of growing period for selected districts in Tamil Nadu 98-102
VENKADESH SAMYKANNU, RAGUNATH KALIAPERUMAL and RAJALAKSHMI DHANDAPANI

Evaluating the factors responsible for willingness to pay for green products 103-106
USHA RANI VISTHARAKULA and VANDANA KAUSHIK
